NOT IN MY BACKYARD®

FOCUS ON THE RIGHT KIND OF BUZZ..

Perfect For:
Camping in the Woods,
Picnics at the Beach,
or in Your Own Backyard

The Companion Group
Family of Brands
AN ESOP COMPANY

Not In My Backyard® is a line of all-natural products that help ensure a pleasant and safe outdoor experience for the entire family. The NIMBY line includes everything from wristbands and clips to candles, misters, and diffusers. NIMBY products use proprietary bug-repelling inserts made up of 100% essential oils, including geraniol, thyme, and lemongrass; proven to safely repel fleas, ticks, and mosquitos that may carry the Zika virus. Say goodbye to harsh chemicals and sticky sprays, and get back to enjoying the great outdoors!

Not In My Backyard® brings The Companion Group's 30 years of experience in all things outdoors to the next level with a line of all-natural bug repellent products that promote every kind of relaxing! Our commitment to innovative and responsible products means that the NIMBY line is effective, safe, and perfect for anyone venturing outside.

REFILL PACKS

Insert Refills

Our standard insert refill packs will power up your wristbands, clips, or tabletop diffusers for up to 5 days with fresh, 100% essential oil repellant. These all-natural disks contain geraniol, eucalyptus, and lemon oils, which are more effective than citronella in warding off mosquitoes and other flying insects. Insert a new refill whenever you want a fresh burst of protection!

Our slow-release insert refills triple the time your NIMBY accessories can effectively repel mosquitoes and other flying insects. The nano-technology of each disk gradually releases geraniol, geranium, peppermint, and citronella oils for up to fifteen days of protection.

ESSENTIAL OIL SCENTED INSERT REFILLS
Contains: geraniol, eucalyptus, and lemon oils.
Most effective for 5 days.

Pack of 4..... NB0135
12 packs/case

Pack of 6..... NB0136
12 packs/case

SLOW-RELEASE ESSENTIAL OIL SCENTED INSERT REFILLS
Contains: geraniol, geranium, peppermint, and citronella oils.
Most effective for 15 days.

Pack of 6..... NB0106
12 packs/case

MORE EFFECTIVE THAN CITRONELLA

OUR MISSION IS SIMPLE:

Make the outdoors (from your backyard to the wilderness) as comfortable as your living room. Step one? Protecting customers from mosquitos and other pesky insects!

"We're… branch[ing] out from the barbecue to the whole backyard"
– Chuck Adams, Co-Founder of The Companion Group

ALL NATURAL INSECT REPELLENT
All-natural insect repellents like Not In My Backyard® are a safe and effective alternative to harsh chemical mosquito repellents. Not In My Backyard® products are all-natural, biodegradable and made of a proprietary mix of 100% essential oils, including geraniol, eucalyptus, and lemongrass, which minimizes health risks to consumers and their families.

Oils derived from four more plants round out the active ingredients for Not In My Backyard® repellents: citronella, lemon, lavender and peppermint. These oils add insect-repelling boost while also being gentle and safe for kids and adults. Citronella oil works by masking scents that are attractive to insects, making it harder for them to find their targets. Lavender and peppermint deter insects while also emitting a soothing smell – hard to find in a chemical compound like DEET.

Tabletop

If you're more of a picnicker than a hiker, we have you covered! Our tabletop products create a zone free from bothersome bugs, so you can relax and take in the great outdoors from a comfortable (and stationary) seat! Perfect for patios, backyard cookouts, and poolside lounging.

TABLETOP DIFFUSER LANTERN

Scented insert is warmed by the heat of a tealight in the base to release the natural, mosquito-repelling scent. Folds flat for easy travel. (Tealights sold seperately.)

Lantern + 5 inserts NB0003
4/case, mixed (1 of each color)

TABLETOP ESSENTIAL OIL DIFFUSER

The Not In My Backyard® Tabletop Diffuser releases a special mixture of essential oils to keep mosquitoes and other pesky insects away. Place on your outdoor table to create an enjoyable experience in you patio, porch, or backyard.

Humidifier + Repellent Drops..... NB0020
6 sets/case, 15ml essential oil drops

Repellent Drops (refill)..... NB0021
12/case, 15ml essential oil drops

TABLETOP FOOD TENT

Nothing ruins an outdoor event like having bugs swarming around your food. The food tent with access door is a great way to keep food safe while still being able to get to your food. Lift the access door up and refill your plate.

Garden

If you're eager to have a yard as tranquil as your favorite cozy spot in the house, we have you covered! Our tabletop products create a zone free from bothersome bugs, so you can relax and take in the scenery from a comfortable (and stationary) seat! Perfect for patios, backyard cookouts, and poolside lounging.

OUTDOOR CANDLES

Elegant candles illuminate your setting while repelling insects with an effective blend of natural oils. Contains: citronella, geraniol, and lemon oils.

Pack of 20 Tealights NB0006
12 packs/case, bright white wax

Pack of 2 Filled Galvanized Pails NB0005
6 packs/case, bright white wax

Zappers & Trappers

Nothing ruins outdoor fun faster than dangerous insects like yellow jackets and mosquitoes. Not in My Backyard® has you covered with our zappers and trappers. They're chemical free and a safe way to protect yourself and your family from pesky insects!

TRAVEL HANDHELD BUG ZAPPER

This zapper kills insects on contact with a low-voltage electric current when they touch the surface of the "net." Handle collapses for convenient storage and travel. Uses two replaceable AA batteries; batteries not included.

Color: dawn. Includes black fabric screen cover.

Folding Zapper..... NB0001
6/case
Patent# D807,984

YELLOW JACKET TRAP

Keep the bugs away from your next barbecue with this Yellow Jacket Trap. The trap is designed to trap Yellow Jackets so that you can enjoy your backyard bug free. It is specially designed to allow yellow jackets to crawl into the chamber but not allow them to get out.
