BEST-SELLING GIFTS

This is the year we saw worlds collide: grillers went in search of new dishes to cook outside, and at-home pizza-making ventured outdoors. Food lovers are now more open to experimenting with foods not traditionally made on the grill, including not only pizza, but sides, veggies, and even desserts. Although home chefs are welcoming new innovations, nothing beats the classics and the opportunity to fine-tune a beloved recipe.

PIZZERIA PRONTO® STOVETOP PIZZA OVEN

The Pizzeria Pronto Stovetop Pizza Oven makes it possible to get the hot, fresh pizza everyone loves, straight from their own kitchen! The oven uses a stovetop gas burner to heat up to 600° F in about 15 minutes, allowing you to cook your pizza in as little as 6 minutes.

The Pizzeria Pronto Stovetop Pizza Oven is exclusively available at [Williams-Sonoma](#) locations nationwide and online through January 31, 2016.

PIZZERIA PRONTO® OUTDOOR PIZZA OVEN

The Pizzeria Pronto Outdoor Pizza Oven is the perfect gift for any pizza lover who wants to take their skills to the next level. This portable, propane-powered pizza oven preheats in 10 minutes and cooks a pizza in only 5 – with no reheating time in between.

HIMALAYAN SALT PLATE

Himalayan salt has a naturally low moisture content, which allows it to be heated or chilled to extreme temperatures. The [Himalayan Salt Plate](#) works wonderfully on the grill, on a gas range, or even chilled in the refrigerator or freezer for serving and presenting cold foods. The food you cook or serve on the salt plate will take on a rich, subtle salty flavor, while still using far less salt than regular table salt.

FLAME-FRIENDLY™ WOK

Get the benefits of cooking with high heat without the weight or maintenance of cast iron! The [Flame-Friendly Wok](#) conducts high, evenly distributed heat to cook your food but is lightweight and easy to clean. It is eco-friendly, fireproof and thermal shock resistant up to 700° F. The attractive non-stick glazed finish is also scratch-resistant, and will look good through many cook-outs.

GIFTS FOR MILLENNIALS

The millennial generation is larger than the Baby Boomer generations and three times the size of Generation X¹. Grilling is a highly social activity and 77% use their grill for different gatherings; 71% use it at a sporting event or for tailgating². There's a good chance you have at least one Millennial on your gift list, and we're sure they'll love these items!

PIZZAQUE® PIZZA KIT FOR KETTLE GRILLS

Convert your 18.5" or 22.5" charcoal grill into the perfect pizza oven with the [PizzaQue Pizza Kit for Kettle Grills](#)! Pizzas will cook quickly, evenly, and with that great smoky, authentic flavor. The kit is fast and easy to install, and works with charcoal, wood chunks or similar fuels.

The kit includes a folding aluminum pizza peel to easily transport pizzas to and from the grill.

SMOKER TRAY AND FLAVOR POUCHES

Add flavor to grilled foods quickly and easily with this [Smoker Tray and Flavor Pouch](#) set. The pre-portioned flavor pouches are faster and easier to use than wood chips or pellets and can be placed directly on the grill grates. If you're using a charcoal grill, you can even toss used flavor pouches onto the coals for a little extra flavor! Flavor pouches are available Mediterranean, Holiday Spice and Latin blends.

GRILLED CHEESE BASKET

Take everyone's favorite sandwich and cook it on the grill or over an open fire! This wide, non-stick [Grilled Cheese Basket](#) can hold two sandwiches at once. Its flat, perforated steel panels adjust to sandwich height, while simultaneously pressing it for easier eating. Flipping sandwiches is as foolproof as turning the basket over, while the non-stick coating makes for fast cleanup.

HOLIDAY HOSTESS GIFTS

Show your appreciation for a party well thrown! Your host or hostess will be delighted at a thoughtful gift brought to their gathering – and hopefully inspire more soirées to come!

SEAFOOD SALT PLATE WITH HOLDER

This specially-designed [salt plate](#) has concave indentations to hold smaller pieces of food as you cook, all while imparting them with the rich flavor salt plates are known for. It's perfect for cooking shrimp, scallops, or oysters.

This plate can also be flipped over so that the flat surface can be used to cook or present any food you like.

RECIPE BOOKS

Although cookbooks seem to be losing their space in the kitchen, ask around and most will tell you they prefer a hard copy to an electronic version any day. Home cooks and chefs alike use their cookbooks to keep favorites bookmarked, to jot down recipe tweaks in the margins, and to let them easily see the ingredients, steps, and images in one spread without scrolling up and down on their tablet. Our unique recipe books make a great addition to your hostess' library.

STOCKING STUFFERS

These lil' guys pack a punch! Good things come in small packages, and these stocking stuffer-sized products will make the recipient's meals even more delicious and flavorful year-round.

SQUEEZE-N-FLAVOR™ INJECTOR FORK

The [*Squeeze-N-Flavor Injector Fork*](#) is the newest way to ensure that your meats come out juicy and flavorful! By submerging the probe into your favorite liquid marinade and squeezing and releasing the bulb, liquid is sucked into the injector and is ready for a mess-free flavor infusion.

STEAK BUTTONS®

These reusable [button thermometers](#) are a fool-proof way to cook beef to perfection. Each of the four buttons measure when meat is a perfect rare, medium, and well done. Allow each guest to enjoy meat cooked to their liking – and put the chef at ease.

ROUNDED SMOKER BOX

Imbue your foods with flavor and moisture as you grill; simply fill the [Rounded Smoker Box](#) with pre-soaked wood chips, place on the grill grate, and get cooking! The smoke and moisture vapor will emerge from the top's perforations and make your food flavorful and tender. The box's rounded top allows for even more chips, while the handled sliding drawer makes refills easy.
