GRILLING PLANCHA

The [Grilling Plancha](#) is one of the best ways to marry the searing and crusting capabilities of a cast iron skillet with the intense heat and smoke flavor produced by your grill. This plancha gives foods a crusty, smoky sear while keeping them succulent on the inside. It's excellent for delicate fish, shrimp, vegetables – in short, anything that tends to break apart or dry out on the grill.

V-SHAPED GAS GRILL SMOKER BOX

This unique smoker box features a v-shaped bottom which allows it to sit between the flame deflector bars of most gas grills; saving valuable space for food on the grates above. This positions the smoke right beneath the grill grate for the most concentrated smoke flavor, allowing the convenience of a gas grill without compromising the wood smoke flavor that dads love. The [V-Shaped Gas Grill Smoker Box](#) comes in a short and long version.

Their vented lids direct smoke right where you want it: on your food! They can use either wood pellets or traditional wood chips, and even better, you can skip soaking the chips ahead of time and pour them right into your smoke puck!

SKEWER EXPRESS EASY KABOB LOADER

Prepare six kabobs in three easy steps with the [Skewer Express™](#)! Simply place ingredients into the prep station's channels, close the lid, and slide the stainless steel skewer through the guide holes.
