

**NOT
IN MY
BACKYARD®**

FOCUS ON THE RIGHT KIND OF BUZZ..

*Perfect For:
Camping in the Woods,
Picnics at the Beach,
or in Your Own Backyard*

Protect yourself and your family: get outside without worrying about mosquitos with **Not In My Backyard**[®]. The NIMBY line is devoted to providing a chemical free alternative to bug repellents and includes wristbands, clips, lotions, zappers, candles, and diffusers. Many NIMBY products use all-natural proprietary bug-repelling inserts made of 100% essential oils, including geraniol, eucalyptus, and lemongrass that are more effective than citronella. Not In My Backyard is perfect for kids and adults. Say goodbye to harsh chemical sprays, and get back to enjoying the great outdoors!

From the backyard to the wilderness, The Companion Group strives to make every outdoor experience more fun! As experts in outdoor products for over thirty years, The Companion Group brings our broad experience and passion for innovation to the mosquito-repelling category. Our commitment to innovative but responsible products means that the NIMBY line is effective, safe, and perfect for anyone needing a breath of fresh air.

Wearables

Not In My Backyard wearables can be used for camping, hiking, picnics, sporting events, fishing, hunting, walking the dog, relaxing in the backyard, or sleeping under the stars. So you can enjoy your outing.

Our wearables with naturally-scented inserts help repel mosquitoes and other flying insects while enjoying the great outdoors.

REFILL PACKS

Insert Refills

Our standard insert refill packs will power up your wristbands, clips, or tabletop diffusers for up to 5 days with fresh, 100% essential oil repellent. These all-natural disks contain geraniol, eucalyptus, and lemon oils, which are more effective than citronella in warding off mosquitoes and other flying insects. Insert a new refill whenever you want a fresh burst of protection!

Our slow-release insert refills triple the time your NIMBY accessories can effectively repel mosquitoes and other flying insects. The nano-technology of each disk gradually releases geraniol, geranium, peppermint, and citronella oils for up to fifteen days of protection.

ESSENTIAL OIL SCENTED INSERT REFILLS

Contains: geraniol, eucalyptus, and lemon oils.
Most effective for 5 days.

OUR MISSION IS SIMPLE:

Make the outdoors (from your backyard to the wilderness) as comfortable as your living room. Step one? Protecting customers from mosquitos and other pesky insects!

"We're... branch[ing] out from the barbecue to the whole backyard"

– Chuck Adams, Co-Founder of The Companion Group

ALL NATURAL INSECT REPELLENT

All-natural insect repellents like Not In My Backyard® are a safe and effective alternative to harsh chemical mosquito repellents. Not In My Backyard® products are all-natural, biodegradable and made of a proprietary mix of 100% essential oils, including geraniol, eucalyptus, and lemongrass, which minimizes health risks to consumers and their families.

Oils derived from four more plants round out the active ingredients for Not In My Backyard® repellents: citronella, lemon, lavender and peppermint. These oils add insect-repelling boost while also being gentle and safe for kids and adults. Citronella oil works by masking scents that are attractive to insects, making it harder for them to find their targets. Lavender and peppermint deter insects while also emitting a soothing smell – hard to find in a chemical compound like DEET.

**Perfect For:
Camping in the Woods, Picnics at the Beach, or in Your Own Backyard**

No Harsh Chemicals

**No Direct Contact
with Skin**

Natural Ingredients

Tabletop

If you're more of a picnicker than a hiker, we have you covered! Our tabletop products create a zone free from bothersome bugs, so you can relax and take in the great outdoors from a comfortable (and stationary) seat! Perfect for patios, backyard cookouts, and poolside lounging.

TABLETOP DIFFUSER LANTERN

Scented insert is warmed by the heat of a tealight in the base to release the natural, mosquito-repelling scent. Folds flat for easy travel. (Tealights sold separately.)

Lantern + 2 inserts NB0003
4/case, mixed (1 of each color)

TABLETOP ESSENTIAL OIL DIFFUSER

The Not In My Backyard Tabletop Humidifier releases a special mixture of essential oils to keep mosquitoes and other pesky insects away. Place on your outdoor table to create an enjoyable experience in you patio, porch, or backyard.

Humidifier + Repellent Drops NB0020
6 sets/case, 15ml essential oil drops

Repellent Drops (refill) NB0021
12/case, 15ml essential oil drops

TABLETOP FOOD TENT

Nothing ruins an outdoor event like having bugs swarming around your food. The food tent with access door is a great way to keep food safe while still being able to get to your food. Lift the access door up and refill your plate.

Tabletop Food Tent NB0017
12/case

MISTING SHIELD

The Not In My Backyard Misting Shield easily connects to your garden hose to provide a cool environment during hot summer days. The misting helps keep pesky bugs like mosquitoes away from your table. Enjoy summer by staying cool and bug free.

Zappers & Trappers

Nothing ruins outdoor fun faster than dangerous insects like yellow jackets and mosquitoes. Not in My Backyard™ has you covered with our zappers and trappers. They're chemical free and a safe way to protect yourself and your family from pesky insects!

TRAVEL HANDHELD BUG ZAPPER

This zapper kills insects on contact with a low-voltage electric current when they touch the surface of the "net." Handle collapses for convenient storage and travel. Uses two replaceable AA batteries; batteries not included.

Color: dawn. Includes black fabric screen cover.

Folding Zapper..... NB0001
6/case

YELLOW JACKET TRAP

Keep the bugs away from your next barbecue with this Yellow Jacket Trap. The trap is designed to trap Yellow Jackets so that you can enjoy your backyard bug free. It is specially designed to allow yellow jackets to crawl into the chamber but not allow them to get out.
