EVERYTHING BUT THE GRILL
Is anyone still grilling humble classics like hamburgers and hot dogs? Of course they are. But the grilling category now reflects a much more expansive view of the practice, incorporating a diversity of dietary preferences, and an appetite for new and unique ways to approach outdoor cooking.

At The Companion Group, we’re committed to the classics, but we’ve also embraced cultural shifts surrounding food choices and preparation, and aim to make high-quality, reliable products that appeal to every kind of customer.

With such a wide variety of grilling approaches and styles to address, we hope to make it easy for retailers to access the scope of what we offer.

As your customers seek new ways to express their creativity at the grill and serve (produce/turn out) masterfully-prepared food, we’ll support you with trend research, new product development, and customer support. We welcome you to contact our sales team for suggestions on new and trending products, ideas to fill gaps in your assortment, and guidance on putting together the ideal line for your store.

For more info, price lists, and any questions call us at (800)-521-0505.

This year, we’ve collected our extensive product selection into one comprehensive grilling catalog

HIMALAYAN SALT
smoke, flavor & prep
Better Than Table Salt

- Food prepared on salt plates take on subtle mineral flavor
- Our line features new salt shapes and accessories to make any meal a gourmet experience

A - Himalayan Salt Bowl – CC6693
The Salt Bowl is loaded with trace minerals that will add a new depth of flavor to your food whether it is served hot or cold. The bowl will add a beautiful and elegant look to your dinner table.

B - Himalayan Salt Mortar & Pestle – CC6539
Crush, grind, and mix spices or pastes with this Himalayan Salt Mortar and Pestle set! You can use this mortar and pestle as you would any other to prepare seasonings or condiments for your meals – but this 100% salt set will also add subtle salt flavor to your food. Use the mortar chilled as a serving bowl for salsa, aioli or guacamole; use hot for queso, caramel dip, or chocolate fondue.

C - Himalayan Salt Cone – CC6068
This cone and holder set harnesses the cooking power of solid salt; Preheat your cone and place your chicken over it; the heat retained by the cone will help to cook your chicken evenly while imparting a subtle, salty flavor.

D - Himalayan Salt Plate - Rectangular – CC6036
Our largest plate; works well for searing vegetables or proteins. Two may be used to cook a chicken in between for a fantastic alternative to “chicken under a brick.” Skewers sold separately. See page 37.

E - Himalayan Salt Plate Scrubber Brush – CC4108
Keep your Himalayan Salt Plate in prime condition for grilling and serving with the Salt Plate Scrubber Brush. The hand-held scrubber has nylon bristles to gently clean the surface of the salt plate, and a stainless steel blade to remove baked-on food bits or glaze.

F - Himalayan Salt Chillers – CC6075
Himalayan salt is a simple ingredient that can transform a cocktail. The Charcoal Companion Himalayan Salt Chillers impart flavor to margaritas, Bloody Marys, Salty Dogs, and virtually any other mixed drink served on the rocks. This set includes ten cubes so everyone can play mixologist!

POKE RECIPE

1 lb of ahi tuna
1 avocado
1/4 cup of diced red onion
2 green onions (greens only)
1 tbsp of sesame oil
1 tbsp of sesame seeds
2 tbsps of tobiko (optional)

Place salt bowl in the freezer to chill. Soak diced red onion in a bowl of ice water for 10 minutes before straining and allowing to dry on a paper towel lined plate. While the onions soak, slice the green onion and set aside. Cut the avocado and ahi into small cubes and place in the refrigerator until ready to serve. To serve the poke: remove the bowl from the freezer and add the ahi, avocados, and red onion to the bowl and stir to combine. Add the sesame oil to the mixture and give it one more stir. Garnish with the green onions, sesame seeds and the tobiko.
SMOKERS, PLANKS, CHIPS & PELLETS

smoke, flavor, & prep
**Let’s Smoke!**

- Get delicious smoky flavor, even from your gas grill
- Great variety of flavors and styles: wood chips, pellets, planks, and more!
- Fantastic tools to make the most of every grill style

**A - KitchenQue® Stovetop Smoker** – CC4132

There’s no replicating the complex flavors you can achieve by smoking your food, whether it’s brisket, ribs, chicken, seafood, pizza, or even appetizers like stuffed mushrooms and smoky hummus. Explore new tastes and bring smoked preparation inside your home. The KitchenQue® Stovetop Smoker lets you smoke all sorts of food as you would on your grill or in a conventional smoker.

**B - SlowSmoke™ For Hot & Cold Smoking** – CC4140

The Charcoal Companion® SlowSmoke™ For Hot & Cold Smoking infuses a wide range of food with flavor! Thanks to its unique design, the SlowSmoke™ works as a source of both hot and cold smoke. Fire up your burners and smoke ribs, brisket, steak or burgers, or turn the burners off and bring out the essence of cheese, fish and other foods perfect for cold smoking. Works well with wood pellets. 10 in. x 3 in. x 2 in.

**C - Smoking Wood Planks** – CC6021, CC6044, CC6046

Grilling on all natural wood planks infuses food with the subtle flavor of the smoked wood and helps food retain moisture for tender results. Our planks pair wonderfully with pork, salmon, trout, shellfish – even cheeses or poultry. Works best with indirect grilling. Available in Cedar and Maple. 11.75 in. x 5.25 in.

**D - Cast Iron Gas Grill V-Smoker Box** – CC4133

Add flavor and moisture to food as you grill; just fill the box with pre-soaked wood chips or pellets and get grilling! Smoke and moisture vapor will emerge from the lid’s perforations and make your food flavorful and tender. This smoker fits between flame deflector bars on gas grills, positioning smoke right beneath grill grates for the most intense flavor. Also works as a traditional smoker box sitting directly on grates. Wood chips sold separately. 7 in. x 4.2 in. x 2.4 in.

**E - Rectangular Smoker Box with Lid** – CC3021

Although gas grills are considered to be the most convenient way to grill, unfortunately this usually means giving up great smoky flavor. This stainless steel smoker box allows you to add back that wonderful flavor! 8.86 in. x 3.62 in.

Grill Station®

The Grill Station® set includes four essential pieces to keep raw and cooked food separate while grilling. One large tray is clearly marked RAW while the other is marked COOKED to eliminate cross-contamination. Lid fits both food trays. The tool caddy tray hooks to the food tray edge for use, and fits inside tray for compact storage.

Ridges on the inside of the food trays allow liquids to flow freely for even marinating. Tray contents and date can be labeled with a dry-erase pen for convenience.

INTRODUCTION

In this book, over twenty different burger press makes are reviewed, along with all of their accessories and many, many recipes. The emphasis is on the press, not the meat, or buns. Of course, if you have ever had a grilling basket, you know that even the best burger press can’t do much without the right basket to go with it. This is where the excitement begins, as we review all the baskets that we could find, and how they compare to the press.

OVER 20 RECIPES!
Dizzy Dog® - Hot Dog Spiral Cutter

The hot dog is a classic that’s been personalized over the years with a range of cooking methods and toppings as diverse as chili, onions, sauerkraut, ketchup and mustard. Put your own twist on your next hot dog and start a new tradition.

The Charcoal Companion® Dizzy Dog® spiralizes your hot dog, making room for all the toppings you want and maximizes crispness and caramelization. To use, simply place the hot dog inside the Dizzy Dog® and spin the wheel. The blade inside the wheel slices into your dog at just the right angle and spacing. Throw your dog on the grill and watch it sizzle like never before!

CC2032 - case / 6
Patent # 830,795
Packaging - pegging sleeve

DIRECTIONS:

Step 1:
Place the hot dog inside the Dizzy Dog®

Step 2:
Spin the wheel forward, the blades inside slice the hot dog

Step 3:
Twist back to easily release your hot dog

Step 4:
Remove hot dog, and you are ready to grill

**Easy Grilling**

- Easy to use, easy to clean, easy to take on the go
- Perfect for camping or at the park
- Keep food tender and moist and prevent buildup on grill grates
- Heat resistant to 600°F (316°C)
- Durable and reusable

**FLEX Grill Sheets™**

The Charcoal Companion® FLEX Grill Sheets™ open up a range of possibilities on the grill. Cooking directly on grill grates can dry out food and drain its natural juices. With FLEX Grill Sheets™, steak, chicken, pork and seafood retain moisture and stay tender. Durable and heat resistant to 600°F, the sheets come in a set of different shapes and sizes and are reusable many times. Also perfect for veggies, pizza, crab cakes and even wet food like pancakes and eggs which would otherwise slide through grates. Clean up is simple; once the sheets have cooled, place them in the top rack of the dishwasher or wipe them down with a damp cloth. The sheets also prevent buildup on grill grates and minimize cleaning time.

GRILL RACKS & BASKETS
**Top it off**

- Rack for small bites to large mains
- Optimizes food position for flavor and efficiency
- Leaves more grill space for additional food

---

**A - Non-Stick Triple Fish Basket — CC3146**
Heavy gauge fish basket holds three whole fish and prevents fish from sticking to the grill. Hardwood folding handle for easy storage. Non-stick. 11 in. x 24.5 in.

**B - Stainless Pepper Roasting Rack — CC3100**
This large-capacity rack holds 36 peppers upright so cheese and other ingredients stay inside the peppers while grilling. Perfect for making grilled jalapeño poppers for large parties. Can also be used in the oven on a baking sheet. 8.9 in. x 1.7 in.

**C - Non-Stick Bacon Grilling Rack — CC3145**
Grill up some breakfast or delicious additions to your burgers with the Bacon Grilling Rack from Charcoal Companion. This easy-to-handle rack holds up to 6 strips of bacon and cooks them in a hanging position. Grease drips away from the bacon and into a well, preventing flare-ups. This also prevents flare-ups while cooking on the grill. Your bacon will be browned and crispy without any mess! Rack comes apart for easy storage.

**D - Reversible Rib & Roasting Rack — CC3096, CC3001**
Two racks in one! One side is indispensable for larger cuts of meat like roasts or small turkeys. Flip it over and grill six full slabs of ribs upright, saving space on the grill for other food. Air and smoke circulate around food for more even cooking and smokier flavor. Available in stainless steel or non-stick. 9.75 in. x 13 in.

**E - Non-Stick Pepper Rack & Corer Set — CC3106**
This rack can hold 18 jalapeño peppers or chicken drumettes upright. Corer is stainless steel with hardwood handle and rack is non-stick for easy cleaning. The special pepper rack and corer set makes preparing stuffed jalapeños easy. Corer not pictured. 15.5 in. x 3.5 in.

Options for Every Meal

- Keeps delicate foods intact
- Prevents foods from falling through the grill grates
- Open mesh construction allows for delicious smoky flavor

A - Stainless Steel Wire Mesh Roasting Pan—CC3091
Stainless steel mesh offers another way to get flavor from the grill without losing food through the grate. Roasting pan is all stainless steel, with two large side handles. Constructed to hold lots of food.

B - Non-Stick Single Kabob Baskets—CC3087
Kabob baskets are the answer for kabob-style cooking without skewers. Simply fill the basket with cut-up food and grill. Hardwood handles. Non-stick. 1.75 in. x 19.25 in. Set / 4.

C - Corn Grilling Basket—CC3149
Our patented non-stick corn basket with hardwood handle features height adjustments to fit any corn thickness and open sides to fit corn of any length. No need for trimming means less corn wasted. One rack holds four ears of corn. Hardwood folding handle. 19.8 in. x 6.7 in. x 2.16 in.

GRILL AND TURN THREE WHOLE FISH AT ONCE!
Non-stick Flexi Basket
Turn and move your food on the grill, no matter what its size or shape! With this flexible grilling basket, you can place any cut of meat (or even several!) inside and maneuver it over your grill easily. Awkward or delicate cuts that are a challenge for tongs can be flipped with a turn of the wrist! The interlocking non-stick-coated steel links on the sides of the basket expand to securely hold whatever you put inside. This basket can be used on charcoal, gas, or electric grills. Handle folds away for a more convenient storage option.

WOKS, GRIDDLES & GRIDS
**Grilling Essentials**

- Grids allow for smaller foods to be prepared without falling through the grill grates
- Perfect for fish, or smaller seafood and veggies
- Perforated grid allows more flame heat, and smoke to come in contact with foods

A - Large Stainless Steel Grid – CC3103
A grill grid allows you to cook food on the barbecue that would otherwise fall through the grill grate. Your favorite hot appetizers take on a delicious smoky flavor when grilled on the barbecue! Try standard favorites like stuffed.

B - Non-Stick Mesh Grill Sheets – CC4143
Grill your next meal with ease! Non-Stick Mesh Grill Sheets are super handy additions to your grilling tool kit. Food stays securely on the sheet during grilling, and the nonstick material allows for easy removal of food afterwards. Smoke flows through the mesh design to impart flavor onto your meat, veggies, fish, shrimp, bacon, wings and more.

C - Non-Stick Mesh Grill Bags – CC4141, CC4142
Food stays securely inside the bag during grilling, and the nonstick material allows for easy removal of food afterwards. Smoke flows through the mesh design to impart flavor onto your meat, veggies, fish, shrimp, bacon, wings and more. The flexible mesh material is heat-safe to 600°F (316°C) and reusable time and time again. Grilling food in the bag instead of directly on grates also reduces clean up after your cookout. Dishwasher safe.
Small 9.45 in. x 5.5 in.
Medium 10.6 in. x 8.7 in.

D - Medium Porcelain-Coated Grid – CC3079
Certain vegetable cuts can easily fall through grill grates. Our non-stick, porcelain-coated grid helps you safely cook small pieces on the grill top. The grid’s perforations let heat and smoke reach food, while allowing juices to flow out. Black non-stick porcelain coating makes cleanup fast and easy.

KABOBS & S'MORES
Skewer Innovation

- We’ve got you covered for prep grilling and searing
- A full range of shapes, finishes, and sizes
- For savory kebabs or sweet s’mores

A - Stainless Steel Flat Skewers — CC5147
Grill up delicious meat and veggie kabobs with these sleek stainless steel skewers! These skewers have a wider, flat design that helps to accommodate larger cuts of meats and vegetables while preventing food from spinning. Built-in looped handles make them easy to hold.
12.5 in. x .5 in. Set of 6.

B - Skewer Express™ Easy Kabob Loader — CC2030
Make six kabobs in seconds! This kabob loader makes it faster, easier, and less messy to put together delicious kabobs for the grill. The kabob loader base features six channels to hold ingredients for your meal in place. They guide you so you can skewer through the center all at once. Loader also makes it convenient to sprinkle on spices or drizzle on marinade, catching any excess. Includes 6 stainless steel skewers.

C - Himalayan Salt Cubes & Skewer Kabob Set — CC6069
Cook your kabobs more quickly, more evenly, and with more flavor! This skewer set with Himalayan salt cubes will help you grill your best kabobs yet. Thread these salt cubes onto your skewers along with your ingredients; the shape of the cubes will elevate your kabob off of the grill surface, promoting even cooking. Even better, as the salt cubes heat up, they act as conduits for heat and speed up the cooking process. All the while, the salt cubes transfer their rich, subtle salty flavor to the other ingredients on the skewer. It’s perfect for cooking moist and flavorful chicken, beef, or other meats.

D - The 360° Skewer™ — CC5168
Kabobs are an international delight and a staple of any barbecue experience. Traditionalists make theirs with meat, veggies, and seafood, while the more adventurous go for brownie bites or marshmallows. Whatever your preference, simplify your next kabob-making session with the 360° Skewer™. One click of a button on the handle rotates the kabob 180° while another click gets you full circle. This extra-long soft-grip tool is easy to hold and protects your hand from heat.

BBQ TOOLS
A Tool for any Cookout

- Innovative specialty tools for the gourmet griller
- Classic tools make up the foundation of a good grilling program
- Available as open stock or as sets

A - Stainless Steel Locking Tongs with Soft-Grip Handle – CC1077
Tongs are a fundamental grilling tool, and these tongs allow you to grip your food on the grill with confidence! Move your food on and off the grill with assurance: the textured tong edges will grip the food easily, and your hold on the tongs will be firm with its comfort grip handle. When you’re done grilling, the locking hinge feature keeps your tongs shut tight to save space.

B - Slash and Serve® Meat Claws – CC1182
These heavy-duty stainless steel meat claws are designed for handling larger pieces of meat such as roasts, turkeys, chickens, and hams. Slide your fingers between the blades for a firm grip and shred a smoked pork butt into pulled pork in minutes.

C - Round Cast Iron Grill Press – CC5023
Our cast iron grill presses have a raised ridge pattern on the bottom. Great for getting good contact with the grill for impressive grill marks. Pre-seasoned.

D - Oval Pro Chef™ 3PC Tool Set with Tote – CC1093
Grill your favorite foods with these essential grilling tools, then tuck them away in the included tote. The Charcoal Companion® Oval Pro Chef™ 3PC Tool Roll features a spatula, set of tongs, and a basting brush so you can start grilling right away. The grilling tools are made of polished stainless steel and will last through many grilling sessions, while the stylish, durable tote is made of sturdy waterproof canvas. The tote easily snaps shut and also includes hanging holes for simple storage.

FLAVOR & FRY
Flavor Made Easy

- Add flavor and moisture by injecting meat with marinade, brine or basting liquid
- Essential tools for successful frying

A - Stainless Steel Deep Fry Thermometer — CC5110
Keep oil temperatures steady for perfectly fried foods! Thermometer features an easy to read temperature dial and convenient side clip that fastens to any fryer pot.

B - Stainless Steel Deep Fry Skimmer — CC5108
Use skimmers to remove smaller foods from the fryer, or cooking debris from the oil’s surface. Stainless steel.

C - Stainless Steel Marinade Injector — CC5112
Made of all stainless steel, this marinade injector is serious business! Injector features two handles to help keep a steady grip while pushing marinade into poultry or other meats. Needle design resists clogging.

D - Plastic Marinade Injector with Large Handle — CC5034
Large handle makes it easy to plunge basting liquids through the clear vial. Stainless steel needle design resists clogging.
Stainless & Soft Grip Marinade Injector

Infuse your meat with flavor and moisture in less time than it takes to marinate it! With this injector, you can add your choice of marinade, brine, or other liquid right where it needs to be: on the inside of your meat. This marinade injector includes two needle tips for different kinds of marinade: use the single-hole needle tip for thicker marinades, sauces, or pastes, and use the multi-pinhole tip for thinner marinades, brines, beers, or wines. When not in use, you can clip your needle tips to the injector’s cap for easy storage.

A - Dual Temperature Thermometer – CC4131

The thermometer gives precise readings of your meat as well as the ambient temperature of your grill, oven or smoker. The larger dial shows the internal temperature of your meat, while the smaller dial displays the temperature of your cooking environment. The Charcoal Companion® Dual Temperature Thermometer is made of stainless steel with a silicone sleeve and shows recommended temperatures for your poultry, pork, beef and lamb. For beef and lamb, it also includes temperature ranges for rare, medium and well done. To use, insert probe point into the thickest part of the meat. You’ll get a reading in about 20-30 seconds.

B - Dual Temp™ Digital Thermometer – CC4146

This ingenious thermometer does it all! The Dual-Temp™ Digital Thermometer measures food and oven or grill temperature at the same time. Unit also features an alarm to indicate when temperature and correct set time have been reached, as well as a large-digit, back-lit LCD display and easy-to-clean touch control pad. Folds flat for storage or oven use. Uses two replaceable AAA batteries (not included).

C - Digital Grill Station – CC4147

Cooking temperatures and times vary for every type of meat, making it a real challenge for the griller to cook various cuts at the same time. The Digital Grill Station meets this challenge with a high tech solution. The battery-operated unit has four color-coded probes to monitor the internal temperature of four types of meat at once. Pull each cut from the grill when the LCD screen reads the preferred doneness.

D - Flip-Tip™ Digital Thermometer – CC4075

The Flip-Tip™ Digital Thermometer features an adjustable silicone depth gauge, allowing consistent placement of the thermometer probe for more accurate readings throughout the cooking process. The folding probe locks into multiple angles for easier monitoring and closes flat for convenient storage. Monitors temperatures from -58°F to 572°F (-50°C to 300°C). Reads temperature in six seconds. Uses two replaceable AAA batteries (not included).

SAFE GRILL CLEANING

grill care
Clean it Safely

- Safe scrub brushes are safer than traditional wire brushes: they’re designed to pass easily if accidentally ingested
- Safe for stainless steel, porcelain, or cast iron grill grates
- Safe new design, same performance you expect from a grill brush

A - Safe Scrape & Scrub™ – CC4156
Get a custom cleaning with the Safe Scrape & Scrub with a Strong Grip Handle! The wooden side of the grill brush contours to your grill with every cleaning, ensuring an effective custom clean. The high heat nylon bristles are safe up to temperatures of 400°F to brush off left over grease and grime.

B - Safe-Scrub™ Sustainable Bamboo Grill Brush – CC1100
Harness the power of natural, durable bamboo and palmyra stalk to get your grill sparkling clean! This grill brush is made out of sturdy and eco-friendly bamboo, and features all-natural palmyra stalk scrubbing bristles, which are safe even on porcelain grates! A longer-length handle and comfortable wrapped-cord grip give you a firm hold and extra leverage while scrubbing.

C - Safe Scrape™ – The Non-Bristle Grill Cleaning Tool! – CC4120
Give your grill a custom clean! This wooden scraping paddle removes debris from grill grates, while the heat and pressure from cleaning slowly shape your paddle so that it fits the grate perfectly. The more you use it, the better it works!

D - Spiral Wire Safe-Scrub™ Grill Brush – CC4160
This durable yet flexible plastic grill brush allows you to get between the grill grates for a more thorough clean. The twisted design of the brush head helps prevent bristle loss during cleaning while the nylon bristles reduce the risk of contamination. The 10” brush handle keeps you at a safer distance from a hot grill and also provides room for a second hand grip for better leverage. It’s even safe to use on porcelain grill grates.

E - Dual Handle Safe-Scrub™ MEGA MONSTER Brush™ – CC4128
This monster of a grill brush stacks dirty grill grates with gusto! This is a powerful tool for cleaning grill grates quickly and easily. Its oversized head tackles wider swaths of the grill grates than typical grill brushes. We’re sure you’ll love our Safe-Scrub™ brushes as much as your grill does!
SAFE-SCRUB™ BRISTLES

Keeping a clean grill is essential to good grilling. Dirty grill grates can contaminate food with unwanted flavors and bits of debris. Scrub the gunk away with Safe-Scrub™ Grill Brushes!

Diamonds are a grill’s best friend
Diamond-based coating helps clean without damaging surfaces

Get rid of the grime
Nylon bristles with twisted design are strong and pliable

Long Lasting
Safe to use within minutes of turning off heat source to ensure a long life for your brush

Good for the Earth
Bamboo and Palmyra are sustainable materials that rarely need replanting and promote healthy ecosystems

ACCESSORIES

grill care
**All the Trimmings**

- Outfitting the outdoor grill space
- Easy to light charcoal accessories — without chemical lighter fluids
- Heat protection — because playing with fire doesn’t have to mean getting burned

**A - Silver Chimney Starter** — CC4043
Great grilling starts with blazing-hot charcoal! This Chimney Starter takes the frustration out of getting your barbecue briquettes going. It’s never been easier or faster to light your coals! Light your charcoal evenly and without any unhealthy chemicals. In about 15 minutes you’ll have burning coals that are ready to be poured into your grill.

**B - SoundBeam™ Grill Light with Bluetooth® Speaker** — CC5166
Get amped up for your next cookout! The SoundBeam™ Grill Light with Bluetooth® Speaker is both a grill light and a speaker for your tunes! Position the SoundBeam using its attached clamp to shine an adjustable, bright beam of light on your grill top, giving you better visibility for even better grilling.

**C - Silicone Glove** — CC5154
This silicone glove is perfect for handling both hot tools and hot food on the grill. Move grids, baskets, and woks with assurance, or shred piping hot pork shoulders and take beer can chickens off the can! The glove is light and flexible for dexterity, can withstand heat up to 475°F (246°C), and can be worn on either the right or left hand. The silicone material and raised ridged texture make your grip secure.

**D - Charcoal Ash Scoop** — CC5167
Make clean up easy with the Charcoal Companion® Charcoal Grill Scoop. The scoop allows you to safely and easily clean charcoal remnants and ash from the bottom of your grill. The Charcoal Grill Scoop features a high heat coating to allow one to remove any loose charcoal briquettes.

**E - Insulated Food Gloves** — CC5152
Use insulated food gloves for shredding piping hot pork shoulders, taking beer can chickens off the can, and removing hot foods from the grill. Our gloves are light and flexible for dexterity and well-insulated to shield hands from the heat. Sold as a pair. Heat safe up to 248°F.

KAMADO
STYLE GRILLING

ESSENTIALS FOR KAMADO CERAMIC GRILLS & SMOKERS
In recent years, we’ve observed that many proficient and dedicated grillers have gravitated toward a niche style of charcoal grilling using ceramic-style Kamado grills. These grills have developed a cult-like following because of their versatility, high performance, and ability to cook in a variety of styles with ease and precision. This has encouraged many serious grillers to fully invest in a dedicated Kamado lifestyle. The unique shape and design of Kamado Grills make them incompatible with many of the standard grilling tools on the market and many tools have to be jerry-rigged or custom made at high prices to fit a Kamado.

The designers at Charcoal Companion® recognized this issue and heard the requests from numerous Kamado aficionados and felt it was time to bring a customized line of Kamado-specific tools and accessories to the market. With a huge following of serious grillers lacking the toolset they need to match their premier grills, Charcoal Companion® is proud to release our first Kamado-specific line.

EACH PRODUCT IN OUR LINE OF KAMADO ITEMS IS DESIGNED TO FIT THE FULL ARRAY OF KAMADO-STYLE GRILLS INCLUDING THE TOP-SELLING BRANDS BIG GREEN EGG®, KAMADO JOE®, AND PRIMO GRILLS.

Kamado owners can be assured that their new accessories are designed to take their favorite style of grilling to the next level with unique items like the Half Circle Ceramic Baker, Stainless Steel Chimney Cap, and Safe Scrape™ Curved. Not only will these tools complement any Kamado grill, but after 35 years of manufacturing experience retailers can be confident that Charcoal Companion® tools are tested, durable, and priced to sell.
Half-Circle Ceramic Baker
The Flame Friendly® Baker fits perfectly in 18 to 24 inch Kamado grills. The half circle design maximizes space, making it easy to bake side dishes while grilling. Made with thermal shock resistant ceramic and a non-stick, scratch-resistant glazed finish.

CC5991 - case / 4
14.1 in. x 6.3 in.

Made of ceramic that is lighter than cast iron, and designed for the high heat of the Kamado grill.

Curved shape to optimize grill management, using only 1/3 of your grill

Half-Circle Griddle
This steel baking plate is a great complement to your grill. Steels are great for pizza, bread, pastries or any other baked goods as well as for grilling and searing. They eliminate hot spots while cooking, and produce uniformly browned crust.

CC5985 - case / 4
17.72 in. x 8.86 in.

Fire-Up™ Charcoal Ignitor
This high-heat, fast-start ignitor can light charcoal briquettes, wood chips, chunks, or pellets with ease. It’s also an environmentally friendly way to ignite your charcoal without using toxic lighter fluid! Two simple switches take your charcoal from cold to smoldering in a matter of minutes: the heat setting ignites, while the blow setting distributes the flames to unlit charcoal. The starter has a built-in kickstand to prop the hot wand off of its resting surface. The wand’s stainless steel tip has a higher melting point than other metals, allowing it to be buried directly into the coals, and its tapered tip focuses heat effectively. Once your coals are lit, you can even insert wood chips into the tip of the wand to heat the chips and blow smoky flavor directly onto your food.

Beer Can Chicken Roaster
Beer Can Chicken is a time-tested technique for imparting authentic, mouth-watering flavor to chicken and other poultry. This non-stick roaster with drip pan and canister makes it even easier to master this technique. The canister’s patented design locks onto the drip pan to hold poultry securely in place, and can be used with liquids other than beer, such as wine, stock or water. The drip pan collects meat juices for sauces and prevents dripping fat from starting a flare-up.

TAKE GRILLING TO THE NEXT LEVEL!
Ultimate Rib Rack
Oversized metal arcs fit everything from small baby backs to jumbo beef ribs, providing support for the full length of each rack. Grilling the ribs vertically saves space, so you can cook four full racks on even a small kettle grill, and it also helps drain off the fat. Non-stick and sturdy enough to keep even the largest racks from tipping over.

Stainless Beer Can Chicken Roaster with Drip Pan

Steven Raichlen wrote the book on beer can chicken—literally. This ingenious device makes the process easier and virtually fail-proof. Square construction gives you greater stability. Bird won’t tip and beer won’t spill. All stainless steel, so it won’t react with food or rust. Metal holder adapts to both beer cans and our unique stainless steel canister, which you can fill with wine, fruit juice, or other flavorful liquid. Metal drip pan collects meat juices for sauces and prevents dripping fat from erupting into flare-ups.

Stainless Steel Smoke Pucks - Set of 2

Traditional wood chip or pellet smokers create a smoky environment within your grill that adds delicious flavor to your meal. These small-but-mighty smoke pucks pack even more punch! Directed vents force the smoke out exactly where you want it: onto your food. This set of two pucks also allows you to surround your meat with flavor, and their small size lets them get in close! These pucks can use either wood pellets or traditional wood chips, and even better, you can skip soaking the chips ahead of time and pour them right into your smoke puck! Wood chips sold separately.

"Where there's smoke, there's flavor!"

-Steven Raichlen

Add wood smoke where you want it – on your food! These small smoke pucks let you get in close and target the food you want to flavor.
Ultimate Grill Brush

Removable 8 inch wide head has both natural Palmyra and Safe-Scrub bristles. Safe-Scrub nylon bristles are the most durable bristles we’ve ever created, and Palmyra bristles offer a natural, long-lasting way to clean. At an overall length of nearly 30 inches, the Ultimate Grill Brush gives you great leverage and keeps you safely away from the fire.

SR8137 - case / 4

Pizza Outdoors

• Authentic, wood-fired taste!
• Harness the high heat of the grill to function like a traditional pizza oven

A - Perfect Pizza™ Grilling Stone – CC1800
This stone withstands and maximizes the intense heat of your grill’s direct flame. Steady, even heat allows for easy cooking of pizzas that might otherwise be challenging, such as heavily topped pizzas. This two-piece, interlocking stone seals air inside its hollow center which circulates and disperses heat more evenly to the stone’s surface. The result is an evenly heated stone free of problematic hot spots or a completely overheated stone, which burns crusts before the toppings are adequately cooked. The Perfect Pizza Grilling Stone produces a perfectly cooked crust, every time. Stones require no seasoning or conditioning. Stone also works well in the oven. 14 in diameter.

B - Perforated Grilling Pan with Handle – CC3060
Cooking pizza on the grill gives it a smoky, authentic flavor impossible to achieve anywhere else. This non-stick pizza pan makes it easier to make pizza on your grill. Perforated to allow smoke to flavor crust for delicious results! Handle is removable so the grill lid can close during cooking. Hardwood handle also folds for storage.

C - Pizza Grilling Kit for Kettle Grills – CC1804
Replicate a traditional wood-burning pizza oven using your charcoal grill! The PizzaQue® Pizza Grilling Kit for Kettle Grills converts your grill into the perfect pizza oven in just minutes. The kit is fast and easy to install, and will allow your grill to reach cooking temperatures up to 900°F. The pizza stone within the kit absorbs and evenly distributes heat, eliminating hot spots. Your pizzas will cook quickly, evenly, and with that great smoky, authentic flavor. Includes a folding aluminum pizza peel to easily transport pizzas to and from your grill.

D - Set of 4 Square Pizza Stones – CC1802
Perfect for the flexibility you want on the grill, this set comes with 4 stones for making mini pizzas, or put them together to make a full sized pie. Each square stone is 7.5 in.

E - Cast Iron Pizza Pan – CC1805
Cast iron is a staple for pizza-making and this pan is the perfect size for making a pizza on the grill. Cast iron enables more heat transfer, perfect for crispier crusts. 14.4 in diameter.

COOKS A CRISP PIZZA
IN 5 MINUTES!

Pizza Grilling Kit for Gas Grills
Harness the high heat of your gas grill to cook pizza outdoors! This pizza stone and steel hood set will transform your gas grill into a pizza-making machine. The ThermaBond® stone absorbs and radiates heat to grill a crispy, evenly-cooked crust. The steel hood traps and reflects heat down onto the top of your pie so that your toppings are done at the same time as your crust. Ventilation holes in the hood allow moisture to escape so pizzas are never soggy. This kit includes a folding pizza peel with comfort grip handle, making it a breeze to transport pizzas to the grill and to retrieve them when they’re finished cooking.

**Flex Grill Sheets™ Set**

Cooking pizza on the grill gives it a smoky, authentic flavor impossible to achieve anywhere else. The PizzaQue® FLEX Grill Sheets™ make it easier to make pizza on your grill. Perfect for either fresh or store-bought 12” pizzas. Durable and heat resistant to 600°F, the sheets are reusable many times. Clean up is simple: once the sheets have cooled, place them in the top rack of the dishwasher or wipe them down with a damp cloth. The sheets also prevent buildup on grill grates so more time is spent grilling pizza rather than cleaning the grill.

After over 35 years at the barbecue, The Companion Group has expanded into related categories that support and extend our mission to make the most of home and backyard experiences. If you love what we do at the grill you will be excited to view our additional brands.

Ceramic Cookware That Does It All.
De la Terre™ (of the earth in French), is the only ceramic cookware line designed for performance in the oven, microwave, on the stove, and even on the grill! Each piece is thermal-shock-resistant so—unlike other brittle ceramic or heavy cast iron—our cookware is lightweight, durable, and goes from freezer to stovetop to dishwasher without concern.

Make Pizza Better.
What began with our revolutionary Pizzeria Pronto® Outdoor Pizza Oven has now grown into a diverse line of at-home pizza ovens and baking stones that can be used in your backyard or in your kitchen. No other pizza product selection on the market matches Pizzacraft® in terms of quality and variety.

Focus On The Right Kind Of Buzz.
Not In My Backyard® brings our experience in all things outdoors to the next level with a line of all-natural bug repellent products that promote every kind of relaxing! Using family-friendly ingredients and bug repellent solutions we ensure a pleasant and safe outdoor experience for the entire family. Included are everything from wristbands and clips to candles and diffusers.

Brighten Up Your Outdoor Candle Program.
Patio Companion® offers a complete citronella program tailored to the needs of each retailer. We supply start-to-finish, custom made candles and packaging for over 20 years. Work together with our design team to create a custom line, or choose from our on trend product selection to stand out in the market.
