Across the country and even the world, home kitchens are turning into pizzerias as customers realize how fun, easy and cost-efficient making pizza at home can be. When they have a craving for a hot, fresh slice, they roll up their sleeves instead of dialing their local delivery place. Whether they're newbies or experienced pizzaiolos, consumers are showing that they'd rather invest in quality pizza-making products than wasting that money on a pizza guy's tip. The pizzacraft® line of artisan-quality pizza tools and accessories are precisely what they want and need to cook delicious pizza at home.

Last year we introduced the Pizzeria Pronto®, which was recently awarded an Editors' Pick award from The Gourmet Retailer, and this year we take it one step further. PizzaQue® is the basic model of the portable outdoor pizza oven, opening up the market to even more customers. While the PizzaQue® can bring in users attracted by the lower price point, additional oven accessories for the Pizzeria Pronto® and the PizzaQue® serve as add-ons for those looking to upgrade their pizza-making experience. With a leg extension kit, carrying case and smoker box, customers can enjoy a truly gourmet pizza in their own backyard.

OUTDOOR PIZZA OVENS

Pizzacraft® pizza ovens will change pizza night forever. Now you can achieve the crisp, chewy results that used to require an expensive wood-burning oven, all in portable and affordable propane pizza ovens.

Pizzacraft® is your #1 resource for portable outdoor pizza ovens. Taking the market by storm, our pizza ovens are perfect for the backyard, tailgating, picnics and even catering events. They deliver pizzeria-like results without the cost, time and space needed for a traditional wood-burning oven.

Pizzacraft® currently provides 2 models of outdoor pizza ovens: the Pizzeria Pronto® and the PizzaQue®. Both ovens crank out pizzeria-style pizza while offering different features and cooking capabilities.

The PizzaQue® is pizzacraft®'s base model pizza oven while the Pizzeria Pronto® is the deluxe model, featuring a heat-containing visor and stainless steel reflection plate, resulting in a 20% decrease in cooking time.

Bring the experience of a pizzeria home to your family and friends with the fast, easy and perfectly cooked pizzas you'll get from our portable outdoor pizza ovens.

Along with the crust, the sauce sets the tone for a pizza. The quintessential pizza has a red sauce base, but changing the sauce will change the flavor profile of the whole pizza. The following sauce recipes include red sauce, marinara, pesto, Puttanesca, and a garlicky Alfredo-style sauce. We have paired sauces with the various pizza recipes in this cookbook. Try different sauces as you create pizzas of your own.

Red Sauce (Neapolitan-style)

This Neapolitan pizza celebrates the pure flavor of the tomato. Red sauce in Naples is made from just two ingredients: tomatoes and salt. Furthermore, the tomato sauce is not pre-cooked so that the brightness of the tomatoes can better shine through on your finished pizza. Using canned tomatoes ensures optimum results year-round – even when garden fresh tomatoes are unavailable.

Ingredients:
1 each, 28-oz can whole, peeled tomatoes
1 T kosher salt

Instructions:
Remove each tomato from the can and reserve 1 ½ cups of the puree. Cut the tomatoes in half, using your fingers, remove and discard the seeds. Remove any pieces of stem that may remain on the canned tomatoes.
Crush the tomatoes. You could do this by hand, in the food processor, or by running them through a food mill.
Transfer the crushed tomatoes to a bowl. Add the tomato puree and salt. Mix to combine.

*This recipe yields approximately two cups of sauce.

Clockwise from top left: Red Sauce, Marinara, Garlicky Alfredo, Pesto, Puttanesca

a. Divide your round ball of dough into two portions.
b-c. Knead each portion to eliminate air bubbles.
d. Form each portion into a tight ball.
e. Cover with plastic and allow them to rest for approximately 30 minutes.

10 | How to Work with Dough

f-g. Place your rested dough ball back onto a floured surface and begin to flatten it into a six-inch disc.
h. Push your disc of dough up and rotate it between your thumb and forefinger to create a six-inch rim around the edge to be the crust, allow gravity to stretch the dough as you rotate it.
i. Drizzle the dough over your fats and continue to rotate the dough as you stretch it to the desired circumference. If the dough resists, just let it down and let it rest for a moment.
j. The dough is now ready to be moved to your floured pan.

Barbecue Chicken

California Pizza Kitchen™ introduced their popular barbecue chicken pizza in 1985. Today Barbecue chicken has become a ubiquitous specialty pizza offering. Our version combines sweet, tangy, smoky, and tangy barbecue chicken and sauce with an extra bit of smokiness from smoked Gouda. Barbecue pork pizza is also delicious; just substitute pork for the chicken.

Ingredients:
1 each thin crust pizza round of your choice
¾ C barbecue sauce of your choice (see recommendation Steven Reichman, Best of Barbecue™ Chipotle Mexican Sauce)
¾ C mozzarella cheese
¾ C smoked Gouda
¾ C chicken breast or thigh meat that's been cooked marinated in good barbecue sauce. (Don't cut chicken before marinating and cooking to infuse more barbecue flavor)
onion, thinly sliced

Instructions:
Pre-heat your oven to 500° F with your pizza stone or steel inside or pre-heat according to instructions if using another method.
Place your pizza crust round on your floured pizza peel or pizza screen. Brush with barbecue sauce, sprinkle an even coating of mozzarella and Gouda cheeses, then top with chicken and slices of onion.
Bake for approximately 5 minutes, rotating the pizza halfway through.
Remove the pizza from the oven when the crust is crisp and evenly browned.
Slice, serve, and enjoy!

The Gourmet Vegetarian

Garlicky white sauce and mozzarella cheese make this vegetarian pizza decadent. You can either braise your own artichoke hearts or use the canned variety. Otherwise there is no need to pre-cook the vegetables. This pizza is extra delicious when made during the summer and topped with sun-ripened tomato slices picked at peak ripeness.

Ingredients:
1 each thin crust pizza round of your choice
¾ C white garlic sauce
1 C mozzarella cheese
2 oz, each/each pepper sliced heirloom tomato (or other tomato), red onion, thinly sliced, Nicotian olives, artichoke hearts, home seasoned or canned mushrooms, sliced

Instructions:
Pre-heat your oven to 500° F with your pizza stone or steel inside or pre-heat according to instructions if using another method.
Place your pizza crust round on your floured pizza peel or pizza screen.
Spread sauce, then evenly distribute cheese and vegetables on top of your pizza.
Turn on your broiler and bake the pizza for approximately 5 minutes, rotating the pizza halfway through.
Remove pizza from oven when cheese and the top crust have developed some nice color and the pizza is firm to the touch and crisp underneath.
Slice, serve, and enjoy!

Deep Dish Pizzas

Meat Lovers

Meat and cheese, though said. Savory upon savory, this combination of Italian-seasoned ground beef, salami, a little sausage, bits of mozzarella, and a little bit of parmesan will hold you over for at least a little while.

Ingredients:
1 each dough for one deep-dish pizza
1 C marinara sauce
5 slices mozzarella cheese
1 ½ C mozzarella cheese, coarsely grated
2 T Parmesan cheese
1 T oil
¾ lb ground beef
¾ lb sliced Salami, cut into smaller pieces
¾ lb each ground sausage, dried basil, dried oregano, sundried tomato flakes (optional), dried red pepper flakes
garlic powder
1 T kosher salt

Instructions:
1. Pre-heat oven to 450° Fahrenheit. Following the deep-dish dough recipe (p. XX), shape your deep-dish pizza dough into your lightly buttered and floured pan and form excess dough.
2. Heat the oil in a large skillet. Crumble in the ground beef and spices, allowing the meat to brown and cook through until the meat is no longer pink. Season with salt as you do so.
3. As evenly as possible, layer the bottom of your crust with the slices of mozzarella cheese. Place Salami, cooked ground beef mixture, ½ cup of sauce, and ½ cup of mozzarella cheese in a bowl. Mix thoroughly to ensure ingredients are evenly distributed. Then fill your deep-dish pizza crust almost to the top with the filling.
4. Bake pizza for 15 minutes. Remove pizza from oven and top with remaining sauce and cheese. Re-place pizza in the oven and bake for an additional 15 minutes.
5. Allow pizza to sit up for 10 minutes before you carefully lift the pizza from the pan and place it on a cutting board or other knife-safe surface.
6. Slice, serve, and enjoy!

TIP: Run a table knife around the perimeter of the pan to ensure the pizza releases from the pan.

Dessert Pizzas

Pizza is usually associated with savory pies, however pizzas decorated with sweet ingredients make unexpected, enjoyable desserts. Whether cooking for your family or hosting a pizza party, serve up a dessert pizza as a memorable finale.

Pears, Pecans, and Gorgonzola

This pizza is another Companion Group favorite. It satisfies a sweet tooth, yet it's kind of healthy since it has just, right? For a different variation of this pizza, try substituting candied pecans and omitting the honey. Both versions are delicious.

Ingredients:
1 each thin crust pizza round of your choice
4 oz Brie or D'Arpuz pear, thinly sliced
2 oz pecan halves
2 oz Gorgonzola cheese
1.5 oz wildflower honey

Instructions:
Pre-heat your oven to 550° F for one hour with your pizza stone or steel inside or pre-heat according to instructions if using another method.
Place your pizza crust round on your floured pizza peel or pizza screen. Distribute the pear slices evenly on your pizza and proceed to top evenly with the Gorgonzola cheese and pecan halves.
Turn on your broiler and bake the pizza for approximately 5 minutes or until the crust is evenly browned and nicely crisp, rotating the pizza halfway through.
Remove the pizza from the oven. Drizzle with honey.
Slice, serve, and enjoy!

PC0308 4/case

You can simulate the results of a wood-burning pizza oven with two additional cooking methods that include a pizza steel.

Both will allow you to achieve a perfectly crisp crust, while the radiant heat from the stone will help to brown the top of the crust and cook the toppings like the elevated ambient heat of a pizza oven.

Steel and Stone

Place the pizza steel on the bottom rack of your oven while the pizza stone is positioned on the top rack (a few inches above). The stone will create a pocket of hot air to cook toppings while the steel crisps your crust.

Steel and Broiler

Place the pizza steel on the rack positioned directly below the broiler of your oven to cook the toppings at the same rate as your crust.
